

OCCER decision of 10 November 2020 on the order of work

Due to the epidemic situation having deteriorated, OCCER implements the following regulations regarding the working order of CER staff:

1. From now on, the employees of the CER are allowed to work only from home!
2. By way of derogation from point 1, on-site work shall be authorized for workers whose personal presence is essential for the continuous conduct of certain research or operations. On-site work in the Institutes may be ordered or authorized by the director of the Institute at the request of the employee, and the duration, frequency and other conditions shall be determined thereof. For staff members not subordinate to the Director of the Institute the Executive Director or the Chief Financial Officer may grant authorization. Special regulations related to site characteristics (car use, National Botanical Garden, etc.) will be issued by the institute directors in agreement with OCCER.
3. Any kind of group activity requiring personal participation (discussions, seminars, etc.) are forbidden, regardless of the number of people involved. Section 8 of the Director General's Instruction 3/2020 is now repealed.

Commuters are requested to follow the OCCER instructions of 11 September 2020 on wearing masks.

The above provisions will be effective from Friday, 13 November 2020, after having approved by OCCER on 10 November 2020. The provisions may change at any time depending on the actual epidemiological situation and decisions from superior bodies (ELKH, Government). Employees are requested to follow possible changes in regulations at <https://ecolres.hu/en/coronavirus>.
